

## VACANCY - Social Media Editor

**An exciting new vacancy of Social Media Editor has emerged on the editorial board of *BMJ Open Respiratory Research*, starting September 2024.** The role seeks someone who can drive the journal's presence and readership worldwide through the use of social media including through the journal social media channels, including Facebook and X (formerly known as Twitter).

### About BMJ Open Respiratory Research

[BMJ Open Respiratory Research](https://openrespiratory.bmj.com) is a peer-reviewed, open access journal publishing high quality papers across all areas of respiratory medicine, critical care and sleep medicine. The journal focuses on robustness of methodology and scientific rigour with less emphasis on novelty or perceived impact. It is indexed in MEDLINE, PubMed Central, Scopus and Web of Science (Science Citation Index-Expanded and Journal Citation Reports).

*BMJ Open Respiratory Research* is the open access companion to [Thorax](#) and is co-owned by the British Thoracic Society and BMJ Group.

### About the role

The successful applicant would be expected to be educated to postgraduate level, with sufficient knowledge of the field. Importantly, an applicant should have enthusiasm for the subject area, creativity, and an interest in using new technologies to publicise scientific research. The role is ideally suited to an early-to-mid-career researcher.

The Social Media Editor will report directly to the journal's Senior Publisher and will be invited to participate in some of the journal's editorial meetings and will work alongside other social media editors. Full training and support will be provided by the BMJ's marketing team.

**To apply, please send a short covering letter and CV to Anna Savage ([asavage@bmj.com](mailto:asavage@bmj.com)).** Please note that early applications will be prioritised, so please apply as soon as possible if you are interested in the role.
